### **Enrollment in the Child Care Executive Partnership Program Now Open**

The Child Care Executive Partnership (CCEP) program for early care and education providers in Miami-Dade and Monroe counties allows early education programs to provide care for children of employees of the program. CCEP provides a partial reimbursement of the cost of care for the children of employees who are enrolled with the

early education program.

Similar to the School Readiness grant, CCEP serves early education program employees with low to moderate wage-earnings who qualify for the program. The eligibility requirements are the same, with the exception that families can earn up to 200% of the federal poverty level.

In addition to providing a valuable benefit to employees, employers' participation in the CCEP program also results in benefits to their business, including decreased employee absenteeism and may aid in recruitment of potential staff.

The Coalition is currently enrolling children in the CCEP program. If your employees are interested in participating, please have them download an application from our website at:

[http://www.elcmdm.org/our\\_services/ccep.html](http://www.elcmdm.org/our_services/ccep.html) and return to the nearest eligibility center.
