

Voluntary Prekindergarten

What is VPK?

Voluntary Prekindergarten (VPK) gives children a jump start by preparing them for school and allowing them to develop the skills they need to become strong readers and students at an early age. Classrooms offer high-quality programs that include high literacy standards, qualified teachers, manageable class sizes and developmentally appropriate curricula. The VPK program increases the likelihood that children will be successful in school.

Educational Benefits

By enrolling your child in VPK, he or she will:

- Recognize letters and numbers
- Identify shapes, colors, patterns and sequences
- Learn important social skills
- Develop other kindergarten-ready skills

Enroll Your Child Today!
