

Early Learning Coalition of Miami-Dade/Monroe
2015-2016 Annual Report

MISSION STATEMENT

To promote high-quality school readiness, voluntary pre-kindergarten and after school programs, thus increasing all children’s chances of achieving future educational success and becoming productive members of society. The Coalition seeks to further the physical, social, emotional and intellectual needs of Miami-Dade and Monroe County children with a priority toward the ages before birth through age 5.

EVALUATION OF DIRECT ENHANCEMENT SERVICES

Comprehensive Consumer Education:

Describe how the Coalition coordinated resource and referral programs specifically related to the provision of comprehensive consumer education to parents and the public regarding participation in the school readiness program and parental choice?

Child Care Resource and Referral (CCR&R) offers comprehensive consumer education to families in Miami-Dade and Monroe Counties, including childcare resources, VPK services, Head Start, school age options and community resources and services. During 2015-2016, CCR&R provided service to more than 16,000 families.

The Coalition also published the quarterly e-newsletter Parent Link which provides parents with early childhood tips and information about services available in Miami-Dade and Monroe Counties. Parent Link was distributed to over 30,000 parents that signed up at our community outreach events. They were also distributed to providers, staff, community partners and board members.

Miami-Dade and Monroe Counties

Child Care Resource & Referral (CCR&R) provided information about our programs and services at

every possible opportunity including over the phone, in person at our service centers, by mail, email and at community events. Parents/guardians who requested information regarding child care options were provided a CCR&R packet to include a cover letter, customized child care listing and other available community resources or programs. The CCR&R packet contained consumer education materials including, but not limited to, a fact sheet on School Readiness and VPK programs, application information, Warm Line, indicators of quality child care and a community resource guide. Additionally, parents/guardians were advised of their parental choice rights in selecting quality child care that meets their needs and the needs of their children. At the service centers, all families received a quality checklist and were provided with a listing of child care providers based on their desired location and child care needs.

The CCR&R department increased awareness by networking with partner agencies and attending monthly meetings with community partnerships such as Miami-Dade Refugee Task Force, to increase awareness of refugee needs, share best practices, spot trends in refugee populations, build collaborations between agencies and help create good communication among service providers. CCR&R also provided resource materials to child care providers who had individual events including open houses, festivals and parent nights. In addition, ELCMDM has a partnership with Univision to provide outreach and early education information to Spanish speaking families in their viewing area about various topics. In our partnership with Univision we participated in several segments for The “Pequeños y Valiosos” campaign, a joint partnership of Univision Contigo and Too Small to Fail, with additional funding support provided by Vroom, an initiative of the Bezos Family Foundation, the Heising-Simons Foundation and the David and Lucile Packard Foundation.

ELCMDM on average participates in 2-3 outreach activities per month throughout the community. Participation in community outreach events include the Back to School Kickoff, Children’s Day at Miami Children’s Museum which hosted more than 1,500 families and community partners, the Greater Miami Chamber of Commerce GOALS Conference, and The Children’s Trust Family Expo as well as numerous community-wide outreach events to promote the importance of early literacy as well as engage parents, and offer one-on-one assistance to child care providers in both counties. Visitors to all Coalition community events were sent home with a book to add to their home library. We are hosting our 2nd Children's First Conference on 9/24/2016 and expect over 1,000 participants. We will highlight best practices in early education and expect over 700 providers, teachers and community stakeholders participated in the day-long conference.

ELCMDM worked with Miami-Dade Public Library System to host simultaneous readings throughout the county at various library branches to promote Read for the Record. Board members, staff and community partners read with young children. Parent education materials were distributed to child care providers to address specific parent concerns (i.e. potty training, challenging behaviors, summer safety tips, Zika, Look Before You Lock campaign). Our agency in August became a foster-friendly agency with the help of ELC staff and board members generosity, set a goal of filling 100 back packs for foster children and surpassed our goal and distributed 116 back packs filled with school supplies for foster children entering kindergarten.

Provider Financial Supports:

Provide a list of grants, awards, or bonuses offered to school readiness program providers to assist them in meeting applicable state requirements for child care performance standards, implementing developmentally appropriate curricula and related classroom resources that support curricula, providing literacy supports, and providing professional development.

Include the qualifying criteria to receive financial supports and related monitoring activities to verify appropriate use of support.

Miami-Dade:

Quality Counts: Support grants and Child Care WAGE\$ were made available to early care and education programs that had recently been rated, provided services to children receiving subsidized care, engaged in continuous quality improvement and participated in Quality Counts. Eligible early care and education programs applied for a grant to purchase equipment or materials to address their specific needs. Each program first addressed health and safety concerns before receiving additional funds to address program improvements such as classroom materials, furniture, curriculum materials or other administrative supports. Amounts available are up to, not guaranteed and range from \$750 to \$10,000 dollars for programs serving children receiving subsidized care. A total of 238 programs benefitted from \$831,855.

In addition to support grants, Quality Counts provided the Child Care WAGE\$® program which rewarded professional growth and retention of practitioners working directly with children in a Quality Counts center. WAGE\$ is used as an incentive to advance practitioners in their career pathway and to build capacity at the same time as professionalizing the early learning field. More than 813 early care and education professionals benefitted from the \$942,000 distributed from the WAGE\$ program.

Monroe

Receipt of a \$25,000 grant from the Bainum Family Foundation to support funded a part-time classroom mentor to work with six (6) School Readiness centers in the Upper and Middle Florida Keys. The classroom mentor provided direct support to targeted teachers in their classrooms to improve the quality of early care and education. Individualized and small group trainings were also provided. Specific support included assistance with:

- Classroom arrangement

- Classroom routines and schedules
- Curriculum implementation
- Lesson Planning
- Teacher/child interactions
- Positive behavior management

Receipt of a \$6,500 grant from the Ocean Reef Community Foundation provided support for the May 2016 Monroe Early Childhood Conference. The conference focus was to provide a hands-on learning experience and workshop to support implementing STEM (Science, Technology, Engineering and Math) into preschool classrooms. The grant funding provided scholarships to 36 Upper Keys participants to cover the registration fee. Additional donations from the Monroe Association of Early Childhood Educators and the Big Pine Women of the Moose totaling \$600 provided an additional 30 scholarships to Middle and Lower Keys participants to cover the registration fee and miscellaneous conference expenses. Additionally, the Ocean Reef Community Foundation grant funding (supplemented by ELC funding) enabled 98 participants county-wide to select from 9 STEM kits at a value of \$60 or greater. The kits were designed for preschool age groups, including toddlers through age 5 preschool, with hands-on learning activities for use in their classrooms.

Training and Technical Assistance:

Provide a list and description of the trainings and/or technical assistance activities the coalition offered to school readiness program providers, staff, and parents in the following areas:

- Early Learning Standards
- Child Screenings and Assessments
- Developmentally Appropriate Curricula and Character Development
- Teacher-Child Interactions
- Age-Appropriate Discipline Practices
- Health and Safety
- Nutrition
- First Aid
- Recognition of Communicable Diseases
- Child Abuse Detection and Prevention

Miami-Dade

The Professional Development Institute, a division of the Early Learning Coalition of Miami-Dade/Monroe has facilitated a variety of continuing education and training opportunities to providers,

parents and community partners.

The Coalition is committed to offering providers the training and technical assistance needed so that providers may improve their programs and deliver high quality early educational services to the children of Miami-Dade and Monroe Counties. PDI has provided over 1050 direct training hours to providers and served over 2400 practitioners. Below you will find a list of the trainings offered and the session descriptions.

Teaching Strategies Gold

In this hands-on lab session, teachers will learn the basic skills they need to begin implementing *GOLD*® in their classrooms. They will examine the progressions of development and learning and the assessment process, practice evaluating a child’s portfolio, create useful assessment information by linking curricular objectives to documentation, and develop conference forms to communicate with families.

Children First Conference: Literacy is a Family Affair

The Coalition held its second annual conference focusing on best practices for families and children. Over 700 teachers and directors attended 90 concurrent sessions on a variety of early care and education topics. The conference was open to providers from Miami-Dade and Monroe counties. Notable author Phyllis Hunter provided an inspiring keynote address on the importance of building emergent literacy skills each day.

Making the Most of Classroom Interactions

Making the Most of Classroom Interactions (MMCI) is an interactive course for teachers and caregivers led by a Teachstone-trained instructor. Over the course of ten sessions, instructor provides in-person training to a team of teachers, preparing them to identify, understand, and apply stronger CLASS® interactions to their classrooms.

How to Handle an Active Shooter

Scenario-based workshop featuring facilitated discussions to inform participants on the best practices associated with preparing for and responding to an active shooter incident. Through a dynamic exchange of information participants will have an understanding of how to plan and aid in the development of an initial draft of an emergency action plan for the early care and education settings.

Implementing the Creative Curriculum

Teachers and caregivers explore the curriculum in depth and learn how to plan individualized routines and experiences that are responsive to young children’s needs and that support their development and

learning in all areas. Participants will first become familiar with the objectives for development and learning that inform every aspect of teaching and caregiving and then learn how to use the objectives to plan responsive and developmentally appropriate routines and experiences for the children in their care.

Home Instruction for Parents of Preschool Youngsters (Monroe/ Collier)

Home Instruction for Parents of Preschool Youngsters (HIPPY) is an evidenced-based program that works with families in the home to support parents in their critical role as their child's first and most important teacher. HIPPY strengthens communities and families by empowering parents to actively prepare their children for success in school. Parents are provided with a set of carefully developed curriculum, books and materials designed to strengthen their children's cognitive skills, early literacy skills, social/emotional and physical development. HIPPY programs serve families from diverse ethnic and geographic groups across the nation, particularly those most at risk because of poverty, parents' limited education and social isolation.

Art and Science of Storytelling

This workshop will take an in depth look at how book reading can play an integral part in the language development of children birth to five and beyond. The goals of the presentation are to assist practitioners use developmentally appropriate storytelling strategies, select age appropriate books, and how to make storytelling a social routine found in every area of the classroom. To reach these goals the presenter will introduce the six stages of language development and how children display them as they grow. The presenter will share examples of appropriate books for each age group and what practitioners should look for when selecting books. Participants will be able to demonstrate content knowledge through role play, guided small and large group discussion, and think, pair and share activities.

Childhood Obesity Prevention Training

In partnership with Nemours, five (5) all day workshops in Miami-Dade and Broward Counties were held. These workshops focused on nutrition, health, wellness and the providers' role in healthier habits.

Monroe Early Childhood Conference: Mission Possible (Monroe)

This signature event is held in Monroe each spring. This year the conference focused on promoting Science Technology Engineering Mathematics (STEM) in the classroom. Over 100 childcare professionals attended workshops by industry experts from Lakeshore Early Learning, Discount School Supply, and Frog Street Press. A featured presentation by Hands on Science and Math was a huge contribution to the conference. Concurrent sessions were held in English and Spanish and participants earned continuing education units (CEUs) for their demonstrated learning gains.

TAP Program Training

The ELC in partnership with the Miami-Dade Family Learning Partnership provided trainings to families enrolled in (Teen Age Parent Program) TAP and to the providers who served the children.

Six hours of trainings for providers included:

1. Safe Sleep Practices
2. Child Growth and Development
3. Bonding and Attachment
4. Discipline
5. Age-Appropriate Play Activities

Child Screening and Inclusion Trainings

A total of 20 trainings were offered. ASQ-3 related trainings were offered 3 times to 107 participants. Warm-Line trainings were offered 3 times to 86 participants. Trainings on Voluntary Prekindergarten-Specialized Instructional Services (VPK- SIS) were offered 5 times and included 136 participants. Inclusion Works was offered twice and included 20 participants. Smooth and Effective Transitions was offered twice to 26 participants. Literacy is all around was offered once to a group of 30 participants. I Spy...The Red Flags in Preschoolers was delivered 3 times and was attended by 49 participants. Additional outreach and support on Inclusion was offered twice to 34 participants.

Quality Counts

Technical Assistance is offered through the Quality Counts initiative to support developmentally appropriate learning environments in the Miami-Dade County programs that will result in increased quality of early care and education services to children and families. Quality Improvement Specialist and career advisors assist programs in improving quality in a variety of areas such as Staff Qualifications, Learning Environment, Curriculum, Family Support, Inclusion, Health and Safety, School Readiness Enhancements, Language Learning and Loving it and STEAM, and Communities of Practices for teachers and directors, based on the Quality Counts initiative that results in better care and education for children.

The Coalition provided community-wide provider trainings via a contract with The United Way Center for Excellence to support the Quality Counts program and all early care and education providers. Some of the topics covered were: assessment tools (e.g. CLASS Pre-K and Toddler, ITERS-R, ECERS-R, FCCERS); curriculum (e.g. HighScope, Creative Curriculum); accreditation (e.g. NAEYC, APPLE); developmentally appropriate practices; inclusion and basic computer literacy skills. A total of 2,007 practitioners attended and completed training series. (Note: a practitioner could have attended multiple trainings)

Training offerings are designed to facilitate effective implementation and enhancement of quality improvement in early care and education. Trainings build upon and develop the knowledge and skills of early care and education practitioners to continuously improve practice and are delivered in areas related to our Quality Counts standards, supplemental guidelines and accreditation.

Monroe

Child Screenings and Assessments

10 trainings on ASQ implementation, ASQ SE implementation, Sharing Results with parents and Using the Portal. All these were offered to providers to help new teachers and refresh more experienced teachers

Age-Appropriate Discipline Practices-

8 parents, through the Warmline, were given information on effective age-appropriate discipline techniques vs. punishment to counter behavioral problems with their children.

As a follow-up to the purchase of developmentally appropriate curriculum for School Readiness providers in 2014-15, the ELC provided follow-up curriculum trainings in Monroe County during the Fall 2015 and Spring 2016. Trainings were provided for infant/toddler/twos and preschool teachers and family child care home providers to support curriculum implementation.

Child Growth and Development

30 parents were given technical assistance on topics related to growth and development, communication, early detection and resources within the community to support the needs of their child.

88 parents were given resources and support for their child showing a concern in one or more of the developmental domains on an ASQ.

3/28/16 – Visited a Licensed FCCH Provider to go over a list of materials/resources that was required by DCF upon a home inspection. Provider was not sure of what she had and what she needed. I also provided Character Development posters to be posted in the day care area.

7/9/15- Provided 2 FCCH Providers with Character Development Posters to be posted in the day care area to help them make a step closer to being in compliance. One Provider was Licensed and one Registered.

7/17/16 & 7/20/16- Provided 10 FCCH and 3 child Care Centers Providers with Summer Reading Books

and for the FCCH Providers I modeled how to read to the children and provided activities that coincided with the books.

Nutrition

2 parents were given information on proper nutrition and support with “picky eaters”.

Child Abuse Detection and Prevention

2 teachers were given Technical Assistance on the responsibilities of being a mandated reporter and what that entails.

Health & Safety

13 health & safety trainings were offered

Spanish First Aid/CPR class was held in Key West, 13 participants.

Choosey Kids Training from I Am Moving. Trainer modeled physical activity and healthy food choices.

.

Quality Activities for Infant & Toddler Care:

Provide a description of the quality activities and services the coalition provided to enhance infant and toddler care.

Miami-Dade County Public Schools awarded the ELC a "Teenage Pregnancy Program (TAP)" grant to provide child care services to pregnant and parenting students enrolled in any MDCPS school. Services include determining parent eligibility to obtain child care services at any accredited provider in Miami-Dade County. Secondly the ELC partners with the Miami Dade Family Learning Partnership to provided educational trainings and services to both enrolled families and the providers serving eligible children. The trainings include Safe Sleep Practices; Infant/Toddler Development; developing Literacy Skills in young children; Discipline and Appropriate Play Activities. The ELC served 72 children during the last fiscal year.

Early Head Start

During the 2015-2016 school year, the Neighborhood Place for Early Head Start, a division of the Early Learning Coalition, provided the education partners with tools for quality implementation such as developmentally appropriate materials and furnishings; curriculum kits and resources; and ongoing technical assistance, coaching, and professional development with a primary focus on infant-toddler development. These fixtures enhance the classroom experiences for children and promote high levels of teacher-child interaction, which contribute to school readiness.

Classroom Materials and Furnishings:

Early Head Start invested resources in revamping all of the Early Head Start classrooms with new developmentally appropriate furniture and materials that encourage children to explore their environment safely. Classroom materials support children's brain development by promoting critical thinking, understanding cause and effect, fostering creativity, building connections through sensory exploration, and developing fine and gross motor skills.

Curriculum Kits:

Each Early Head Start classroom was equipped with a Creative Curriculum kit. The curriculum kit contains tools and resources that helps foster children's learning and growth. Resources in the curriculum help guide teachers on how to maximize learning in a supportive and nurturing way. As teachers track children's growth, they are able to intentionally individualize activities and routines.

Ongoing Technical Assistance, Coaching, and Professional Development:

Each Early Head Start classroom received support from a Technical Assistance Specialist who is knowledgeable of infants and toddlers. Technical Assistance Specialists did monthly observations of the classroom environment and adult-child interaction to ensure children were in a safe and nurturing environment that encouraged exploration and learning. Coaching consisted of modeling appropriate interactions, providing resources for teachers who were experiencing new and/or challenging situations, and using techniques to help teachers reflect on their teaching practices. The Neighborhood Place for Early Head Start partnered with Miami-Dade College to help teachers obtain their Child Development Associate with an infant and toddler endorsement and the opportunity to pursue an advance degree.

The Neighborhood Place for Early Head Start also formed a workgroup that consisted of EHS education partners, EHS staff, and community professionals to develop the School Readiness Goals, required by the Head Start Act. These goals were strategically created with the expertise of stakeholders and others with a plethora of early childhood knowledge. These goals encompass each of the domains: Social and Emotional Development; Language and Communication; Approaches to Learning; Cognition; Perceptual, Motor, and Physical Development.

Through continuity of care, highly encouraged parental engagement and involvement, seamless transitional services, and a resilient emphasis on social and emotional development, children are equipped with a highly effective foundation of skills needed to prepare them for school. With these combined efforts, the Neighborhood Place for Early Head Start program provides children and families with the foundation to a successful transition to forthcoming education programs, including kindergarten.

Quality Counts

Quality Improvement Specialist conducted Infant/Toddler Communities of Practice to engage and support Quality Counts practitioners. Facilitators fostered group development and supported group success through the use of protocols, activities and group discussions.

Introduction to the Toddler Classrooms Assessment Scoring System Training for teachers, directors, owners, etc. The Toddler Classrooms Assessment Scoring System (CLASS) is an observation tool for use with children from 15-36 months; the CLASS Toddler tool assesses teacher-child interactions. These interactions lay the foundation for all subsequent development, making a focus on strengthening connections absolutely critical for improving child outcomes. Training provided in English and Spanish.

The Pyramid Model: Promoting Social Emotional Competence in Infants and Toddlers Training. Infant and Toddler educators learn about the significance of Social Emotional Development and how to initiate appropriate practices in the daily routine in order to promote the child's integral development. Training provided in English and Spanish.

Early Literacy: Oral Language Development for Infants and Toddlers. Participants learned to identify specific strategies that help infants and toddlers develop oral language using ideas and resources to expand the expressive and receptive vocabulary. They also learned to promote children's thinking as they become successful readers and writers. Training provided in English and Spanish.

Disabilities and Inclusion for Infants and Toddlers. Participants learned about the stages of development and milestones for infants and toddlers and how to use two different tests to determine areas of need and concern in the development of children. They also learned how to use these results to help a child in need, such as creating an inclusive environment, accommodations, adaptations, and the IDEA Part C referral process and intervention.

Children's Literature Training for Infant and Toddler Teachers. Facilitators provided teachers with strategies that support children's language development and skills to become successful readers and writers.

Overview of Creative Curriculum for Infants, Toddlers and Two's Training. Teachers explored the components that form the framework of The Creative Curriculum for Infants, Toddlers & Twos and learned how to make the most of daily routines and experiences. By the end of the session, teachers knew how to use the objectives for development and learning to plan a responsive and developmentally appropriate program.

Monroe

10 monthly trainings were provided to teen parents. Topics included: Pregnancy and Delivery

Caring for a Newborn

First Years Last Forever

Developmental Milestones

Nutrition

Sleep habits

Building Blocks

Parents As A Childs First Teacher

Early Literacy

Classroom observations of toddlers conducted and technical assistance and modeling provided on appropriate play with Toddlers, Teacher-Toddler interactions, how to get the Toddlers interested into playing and using the materials that was provided to them, and room arrangement and recommendations to provide more resources/materials for the Toddlers play areas. .

Becky Bailey's *Baby Doll Circle Time* was used to enhance the quality of the relationships between caregivers by strengthening attachment, attunement, and social play. The training consisted of a DVD that accompanies the book, practice and follow up with individual teachers.

Monitoring:

Describe the process for monitoring of compliance with, and enforcement of, applicable state and local requirements.

Miami-Dade:

The ELC Quality Assurance Unit conducts periodic monitoring of all its service contracts to review the extent to which contractors are meeting all agreed upon benchmarks and deliverables as established by contract and funding procedures.

This process encompasses administrative and programmatic standards to which ELC's contractors must adhere to according to the ELC's standard contract, its attachments, Florida Statutes (F.S. 411 and F.S. 1002), Florida Administrative Code (F.A.C), OMB Circular A-133, federal regulations and ELC-approved policy. All core ELC [sub-recipient], early learning and education quality initiatives, and various professional consultant services are subject to quarterly and/or annual monitoring unless otherwise specified or deemed necessary.

The Quality Assurance Unit prepares and updates a monitoring schedule each year to ensure every contract is properly monitored. The Quality Assurance Unit shall also review and update the Quality Assurance Annual Plan to reflect OEL requirements as needed.

The monitoring process might entail in-house desk and on-site reviews. During the in-house desk review the QA monitor will look at documentation and reports already in the possession of the ELC's contract file or those obtainable from the respective program director.

Information that can serve as part of contract deliverance and compliance will be utilized as verification of services rendered. Monitors will also review audits or attestation from ELC program staff/directors to obtain information regarding continuing problems or unresolved findings.

During on-site reviews the QA monitor will visit contractor sites, interview key staff and review case files and other documentation needed to verify the provision of services that is in the possession of the contractor.

The QA monitor shall review and identify the quantity of services, document any shortcomings and investigate current document processes. During this visit the QA monitor shall hold an entry interview to explain to the contractor the purpose and requirements of the monitoring and provide general preliminary findings once the monitoring is complete.

Over fifty percent of VPK providers and a smaller percentage of VPK providers on probation (POP), School Readiness provider curriculums and/or attendance sheets are also monitored by the Quality Assurance Department at the ELC.

Monroe:

In Monroe, Early Learning Coalition staff work closely with the DCF licensing representative to ensure providers comply with licensing requirements and provide technical assistance as needed. Regular licensing updates are provided at scheduled provider workshops.

In Monroe, 100 percent of VPK private providers and 100 percent of School Readiness unlicensed providers are monitored by ELC. Monroe ELC staff monitors 100 percent of district VPK providers.

14 total VPK programs from the Middle Keys to the Lower Keys were monitored; 6 were public Schools and 8 private Child Care Centers. The monitoring process starts with filling out a calendar that includes the date, time and place of monitoring, showing up unexpectedly. The monitoring tool should contain the name and address of the Provider along with their License number. You need to know how many children are enrolled in the program, the name of the Lead Teacher and Aide that are in each classroom and the name of the Principal/Director of the School/Center.

For a VPK Program to be in compliance, all items on the monitoring tool must coincide with each Providers VPK Contract, the Florida Four Old Standards are met, attendance is kept up daily, and the VPK Assessment tool administered in a timely manner and reported in the on-line recording system.

If an item is marked “Partial” or “No”, the VPK Program is out of compliance and given 10 days to correct the non-compliance item/s. The Monitor of the Program does a return visit to make sure the Program has made the corrections to be in compliance. If after 10 days the item/s had not been resolved, the Program receives a letter stating funds are being withheld with an explanation of why.

Inclusion:

Describe the activities the coalition has implemented to promote inclusive child care including responding to Warm-Line requests by providers and parents and providing developmental and health screenings to school readiness program children.

Miami-Dade

A team of Screening & Assessment specialists supported School Readiness providers in completing the mandated Ages and Stages Questionnaire (ASQ-3). The Screening and Assessment team also provided technical assistance to School Readiness Providers that promoted compliance with the Developmental

Screening Program requirements and appropriate documentation in the electronic database, the Provider Portal. Children whose ASQ-3 screening contained scores in the Monitoring or Concern ranges received individualized follow-up. Eligible children also received, short term interventions and a referral for a more comprehensive evaluation (if needed). In addition parents and/or providers were offered additional resources, informational materials, and education/technical assistance targeting the individual needs of the child receiving individualized follow-up supports. Topics included developmentally appropriate expectations, developmental milestones, early intervention, early childhood disability and delay and managing challenging behaviors.

The Coalition's Warm-Line offered parents and providers a range of resources and information over the phone, answering questions related to the developmental, physical, mental or emotional needs of any child in their care including children in VPK program and other non-School Readiness types. Warm-Line services/supports were not limited to children participating in the School Readiness Program, children in VPK classrooms, or children receiving care through other types of funding also have access to the supports/services offered by the Warm-Line. At the parent's/provider's request the Warm-Line Specialist assigns a member of the Inclusion/Warm-Line team to provide on-site technical assistance. The spectrum of support provided ranged from the administration and completion of the Ages and Stages Questionnaire (ASQ-3) for all children to strategies that support classroom behavior management, smooth and effective transitions and inclusive practices in the early childhood classroom. If needed, Inclusion Specialist also facilitated the referral process to Early Steps or Child Find/FDLRS.

Quality Counts:

Behavior/Mental health short term intervention was offered through Social Emotional Specialist for children whose behavior required individual intervention based on the ASQ:SE screenings, Devereux Early Childhood Assessment (DECA) and/or through observations. Intervention included parent/caregiver and focused on the child-family-school relationships and behavioral management. Consultation was also provided to caregivers/parents to address developmental, parenting and/or other concerns they may have. Families needing more intensive consultation and/or treatment were referred to other agencies and/or programs. Consultations took place in the child care setting or in the home and families received up to 12 sessions of intervention to address the needs of the child. A total of 217 children received behavior/mental short term interventions and 70.5% demonstrated meaningful improvement in social/behavioral concerns.

DATA SUMMARY

The following information is based on data collected from July 1, 2015__ - June 30, 2016_____.

Number of children served in the school readiness program, by provider type, enumerated by age and eligibility priority category, reported as the number of children served during the month, the average participation throughout the month

Total number of children disenrolled during the year and the reasons for disenrollment

Reason for Disenrollment	Number of Children Disenrolled
Child care provider has closed for economic or other business reasons.	22
Child completed the VPK program that he/she was attending or child completed the full 540/300 hours, whichever comes first.	1
Child deceased.	1
Child has a duplicate record.	11
Child has exceeded the age-limit for services.	768
Child is no longer residing with the guardian who completed the initial application. New paperwork must be completed by new guardian.	36
Child was determined eligible for services but never enrolled with a child care provider.	109

Child was enrolled in a program that changed provider types. Only used if new provider ID is assigned in EFS.	2
Client does not show up for redetermination.	5,867
Client failed to comply with program requirements.	367
Client failed to provide required documentation to maintain eligibility.	228
Client is eligible for services under a different funder (i.e., non funder 1).	12
Client is no longer eligible for services because the family income exceeds the allowable amount for eligibility.	288
Client moved out of the county in which funding is currently provided.	265
Client no longer has a valid purpose for care.	217
Client services discontinued due to funding constraints.	2
Client's contact information is no longer valid and fails to provide updated information by a specified date.	9
Custodian is involved in seasonal work (such as migrant or school district employees) and the child's enrollment is temporarily suspended while custodian is not working.	39
Parent or guardian lacks resources necessary to keep child in care.	1
Parent/guardian withdrew child from the program.	822
Provider dismissed child for noncompliance with the provider's attendance policy.	9
Provider dropped child from the provider's program.	23
Provider is under investigation for suspected fraud.	26
Provider no longer receiving SR or VPK funds due to noncompliance or low performance.	71
Provider remains open, but no longer provides VPK or SR services.	2

Referral from referring agency has expired.	1,165
Referring agency has terminated the referral.	195
Transfer from one SR funding source to another (i.e., BG3 to BG8).	9
Transfer to another provider record (even if the second record is owned by the same provider).	12
Total	10,579

Total number of providers by provider type
