

Early Learning Coalition of Miami-Dade/Monroe 2013-2014 Annual Report

Mission Statement

To promote high-quality school readiness, voluntary pre-kindergarten and after school programs, thus increasing all children’s chances of achieving future educational success and becoming productive members of society. The Coalition seeks to further the physical, social, emotional and intellectual development of Miami-Dade and Monroe Country children with a priority toward the ages before birth through age 5.

Evaluation of Direct Enhancement Services

<p>Comprehensive Consumer Education: Describe how the Coalition coordinated resource and referral programs specifically related to the provision of comprehensive consumer education to parents and the public regarding participation in the school readiness program and parental choice?</p>	<p>Miami-Dade County</p> <p>Child Care Resource & Referral In 2013-2014 CRR&R provided information about our programs and services at every possible opportunity including over the phone, in person, by mail, and at community events. Parents/guardians who sought information regarding child care options were provided a CCR&R packet. The CCR&R packet contained consumer education materials including but not limited to a fact sheet on School Readiness, application information, indicators of quality child care and community resource guides. Additionally, parents/guardians were advised of their parental choice rights in selecting care that best meets their needs and their child’s.</p> <p>The CCR&R department raised awareness by attending monthly meetings with community partnerships such as Miami-Dade Refugee Task Force to increase awareness of the refugee populations, share best practices, spot trends in refugee populations, build collaborations between agencies and help create good communication among service providers. CCR&R also provided resource materials to child care providers who had individual events including open houses, festivals and parent nights.</p> <p>Throughout the year the Coalition participated in several networking events, including the Back to School Kickoff, Children’s Week at Miami Children’s Museum, the Greater Miami Chamber of Commerce GOALS Conference, and The Children’s Trust Family Expo.</p>
--	---

	<p>Quality Counts Miami-Dade’s quality rating improvement system, Quality Counts, provided information to parents regarding the names of programs participating in the initiative along with their corresponding quality rating level. Parents and caregivers in the community were also provided with a summary of what focus areas contribute to determining the quality rating level. This allowed parents and caregivers to make informed decisions about the best care and education for their child. Because accreditation is another indicator of quality, QC used its website to link families to accredited programs in Miami-Dade by simply selecting a zip code of their choice. Additionally, the Coalition encouraged families to visit our website to learn more about how to choose quality child care by using a quality checklist for evaluating early learning programs.</p> <p>Monroe County The Coalition participated in various community outreach activities and events that targeted parents and children, including Children’s Day in Key West, Community Baby Shower, Family Fun Fest in Marathon, and Family Fun Day in Key West. Coalition staff provided a variety of resource materials to parents regarding the School Readiness and VPK programs and answered parents’ questions regarding eligibility and parental choice.</p> <p>Throughout the year, Monroe county was also active in community groups such as Monroe Transition Interagency Team, Monroe Children’s Group, Healthy Start Coalition Board, Healthy Families Monroe Advisory Committee, DCF Interagency Team and Chambers of Commerce (5 Chambers in the Keys).</p>
<p>Provider Financial Supports: Provide a list of grants, awards, or bonuses offered to school readiness program providers to assist them in meeting applicable state requirements for child care performance standards, implementing developmentally appropriate curricula and related classroom resources that support curricula, providing literacy supports, and providing professional development.</p> <p>Include the qualifying criteria to receive financial supports and related monitoring activities to verify appropriate use of support.</p>	<p>Miami-Dade County The Coalition received a grant from the Florida Department of Education totaling \$291,000.00 to provide training and technical assistance to the 2012-13 VPK Providers on Probation (POPs). The POPs were eligible to receive a VPK Literacy and Math Kit for each certified VPK classroom. One thousand kits were given away totaling \$39,000.</p> <p>The Coalition also sponsored a free Mini-VPK Conference for Miami-Dade County POPs on Saturday, June 21, 2014 and Monroe County on Saturday, June 28, 2014. The topic of the conference was Supporting Emergent Bilinguals in the VPK Classroom. Each participant received .3 CEUs, a jump drive which included VPK lesson plans taken from the Florida Bright Beginnings web site and a text book entitled “A Parents’ and Teachers’ Guide to Bilingualism.”</p>

	<p>Approximately 1,00 jump drives and 800 books were given out totaling \$28,000.00, and 358 mini-conference participants received CEUs totaling \$5,370.00.</p> <p>Quality Counts Support Grants and WAGE\$® were made available to early care and education programs that had recently been rated, provided services to children receiving subsidized care, engaged in continuous quality improvement and participated in Quality Counts. Eligible early care and education programs applied for a grant to purchase equipment or materials to address their specific needs. Each program must first address health and safety concerns before receiving additional funds to then address program improvements such as classroom materials, furniture, curriculum materials or other administrative supports. Amounts available are up to not guaranteed and range from \$1,500 dollars for family child care home providers to \$12,000 for center based providers serving more than 50% of children receiving subsidized care.</p> <p>In addition to support grants, Quality Counts provided the Child Care WAGE\$® program which rewarded professional growth and retention of practitioners working directly with children in a Quality Counts center. WAGE\$® is used as an incentive to advance practitioners in their career pathway and to build capacity at the same time as professionalizing the early learning field.</p> <p>Practitioners receiving WAGE\$® received biannual supplement checks as long as they complete 3 ECE credits within two years of being accepted into the program and remain in good standing, i.e. passing grades, completion of scholarship/course.</p> <p>Monroe County 19 centers, 26 family child care homes and 4 afterschool programs received quality materials to support their learning environment. The items received included consumables, playground items, skill games, puzzles, books, sorting mats and sensory toys. Items were selected based on providers needs and in accordance with the Florida Early Learning Birth and Developmental Standards.</p> <p>The Coalition equipped one infant room and one toddler room for two Marathon centers to assist in resolving the capacity issue in the Middle Keys (whereby all contracted providers were full). This provided the incentive for the two providers to open new classrooms. Infant and toddler slots were in high demand given the limited availability.</p>
--	---

<p>Training and Technical Assistance: Provide a list and description of the trainings and/or technical assistance activities the coalition offered to school readiness program providers, staff, and parents in the following areas:</p> <ul style="list-style-type: none"> – Early Learning Standards – Child Screenings and Assessments – Developmentally Appropriate Curricula and Character Development – Teacher-Child Interactions – Age-Appropriate Discipline Practices – Health and Safety – Nutrition – First Aid – Recognition of Communicable Diseases <p>Child Abuse Detection and Prevention</p>	<p>Miami-Dade County The Coalition offered 171 free trainings approved by the Florida Department of Education to all VPK providers, encouraging POPs to register. All trainings were provided by the VPK Regional Facilitator and two Mentor/Trainers funded by the VPK Assessment Grant. Training Topics in both Miami-Dade and Monroe Counties:</p> <ul style="list-style-type: none"> • Florida Standards for Four Year Olds, 3 hours in length (3 CEUs) • Integrating the Standards: Phonological Awareness, 2 hours in length (.2 CEUs) • How to Administer the VPK Assessment, 3 hours in length (.3 CEUs) • Instructional Implications of the VPK Assessment, 2 hours in length (.2 CEUs) <p>Trainings offered from July 1, 2013 to June 30, 2014 in both Miami-Dade and Monroe Counties:</p> <ul style="list-style-type: none"> • Florida Standards for Four Year Olds (44 Sessions, 1,007 total participants) • Integrating the Standards: Phonological Awareness (34 sessions, 807 total participants) • How to Administer the VPK Assessment (47 sessions, 1,136 total participants) • Instructional Implications of the VPK Assessment (46 sessions, 1,048 total participants) <p>Six VPK Assessment Grant-funded Mentor/Monitors provided technical assistance to 234 VPK POPs. Technical Assistance consisted of administration of the VPK Assessment Period 3, entering results online at the Bright Beginnings website, and printing of assessment results reports to improve instruction in VPK classrooms. Technical Assistance in the areas of classroom arrangement, lesson plans and classroom observation techniques was also provided.</p> <p>Quality Counts Quality Counts offered technical assistance to all participating programs via the Support Service Delivery Model (SSDM) which is designed to guide its distribution and delivery. The SSDM is an organized method of service delivery based on a variety of factors and focused primarily on needs presented as a result of a Quality Count Star Rating. Quality Counts participating programs exhibit various quality improvement needs that often coincide with specific circumstances such as rating level, program size, priority program status, and accreditation candidacy.</p>
--	--

	<p>The Coalition provided community wide trainings via The United Way Center for Excellence to support the Quality Counts program and all early care and education providers. Training offerings were designed to facilitate effective implementation and enhancement of quality improvement in early care and education. Trainings build upon and develop the knowledge and skills of early care and education practitioners to continuously improve practice and are delivered in areas related to our Quality Counts standards, supplemental guidelines and accreditation.</p> <p>Please see attachment A for a list of United Way Trainings offered.</p> <p>Monroe County Providers were offered technical assistance and/or individual or small group training when requested. All providers received technical assistance in the completion of child screening and assessment tools and how to relay results to parents in a respectful and constructive manner. All license-exempt providers and registered home providers received a health and safety monitoring with follow-up corrective action and technical assistance as needed to correct any deficiencies.</p> <p>Please see attachment B for a list of all Monroe trainings offered.</p>
<p>Quality Activities for Infant & Toddler Care: Provide a description of the quality activities and services the coalition provided to enhance infant and toddler care.</p>	<p>Miami-Dade County There are currently more than 500 diverse programs that voluntarily participate in Quality Counts including centers, family homes, school board and Head Start/Early Head Start, of which more than 370 programs provide services to children receiving subsidized care. As a Quality Counts participating program, each provider receives targeted and continuous technical assistance and support, reliable environmental assessments, accreditation facilitation, training opportunities, scholarships, career advising and materials specifically focused on improving the quality of early care and education they provided. More than 46 training sessions related to infant and toddler care were held throughout the county in the prior year.</p> <p>Monroe County Three targeted Infant/Toddler trainings were provided: Supporting the Development and Learning of Infants and Toddlers, Apoyando El Desarrollo y Aprendizaje de los Infantes y Pavulous, and ODT: Lesson Planning for Infants and Toddlers (Creative Curriculum).</p>

	<p>Providers were offered technical assistance and individual or small group trainings when requested. Topics offered include:</p> <ul style="list-style-type: none"> • Addressing challenging behaviors • Separation anxiety • Nutrition • Sleep problems • Room arrangement • Planning a developmentally appropriate curriculum • Creative Curriculum activities
<p>Monitoring: Describe the process for monitoring of compliance with, and enforcement of, applicable state and local requirements.</p>	<p>Miami-Dade County</p> <p>The ELC Quality Assurance Unit conducted periodic monitoring of all its service contracts to review the extent to which contractors are meeting all agreed upon benchmarks and deliverables as established by contract and funding procedures. This procedure also includes on-going internal monitoring of Internal Programs (SR and VPK).</p> <p>This process encompasses administrative and programmatic standards to which ELC’s contractors must adhere to according to the ELC’s standard contract, its attachments, Florida Statutes (F.S. 411 and F.S. 1002), Florida Administrative Code (F.A.C), OMB Circular A-133, federal regulations and ELC-approved policy. All core ELC [sub-recipient], early learning and education quality initiatives, and various professional consultant services are subject to quarterly and/or annual monitoring unless otherwise specified or deemed necessary.</p> <p>The Quality Assurance Unit prepared and updated a monitoring schedule each year to ensure every contract is properly monitored. The Quality Assurance Unit also reviewed and updated the Quality Assurance Annual Plan to reflect OEL requirements as needed.</p> <p>The monitoring process might entail in-house desk and on-site reviews. During the in-house desk review the QA monitor will look at documentation and reports already in the possession of the ELC’s contract file or those obtainable from the respective program director. Information that can serve as part of contract deliverance and compliance was utilized as verification of services rendered. Monitors also reviewed audits or attestation from ELC program staff/directors to obtain information regarding continuing problems or unresolved findings.</p> <p>During on-site reviews the QA monitor visited contractor sites, interviewed key staff and reviewed case files and other documentation needed to verify the provision of services that are in the possession of the contractor.</p>

	<p>The QA monitor reviewed and identified the quantity of services, documented any shortcomings and investigated document processes. During those visits, the QA monitor held an entry interview to explain to the contractor the purpose and requirements of the monitoring and provided general preliminary findings once the monitoring was completed.</p> <p>Over fifty percent of VPK providers and a smaller percentage of VPK POPs, School Readiness provider curriculums and/or attendance sheets were also monitored by the Quality Assurance Unit.</p> <p>The mentor/monitors assisted POPs used the Florida Readiness Rate website to acknowledge their 2012-13 Readiness Rates and submit Program Improvement Plans as mandated by the Florida Department of Education. POPs received FL-DOE resources to implement their plans, which included classroom observation forms, teacher/director meeting forms and sample lesson plans. 79 follow-up visits were conducted to monitor POPs implementation of Program Improvement Plans.</p> <p>Monroe County In Monroe, Coalition staff works closely with the DCF licensing representative to ensure providers comply with licensing requirements and provide technical assistance as needed. Regular licensing updates are provided at scheduled provider workshops. 100% of Monroe County VPK providers, including private and district, were monitored using the ELC VPK monitoring tool. A formal report was sent to the director/principal with any corrective action items noted and a deadline for addressing any deficiencies. Follow-up technical assistance was provided, as applicable.</p> <p>100% of licensed exempt centers and registered family homes were monitored using the health and safety checklist. A copy of the report was reviewed with the director with any corrective action items noted and a deadline for addressing any deficiencies. Follow-up technical assistance was provided, as applicable. No serious deficiencies were found to require DCF involvement.</p>
--	--

<p>Inclusion: Describe the activities the coalition has implemented to promote inclusive child care including responding to Warm-Line requests by providers and parents and providing developmental and health screenings to school readiness program children.</p>	<p>Miami-Dade County A team of Screening & Assessment Specialists supported providers in completing the mandated Ages and Stages Questionnaire (ASQ-3) screenings, as well as documentation of screenings in the online Provider Portal. Children who showed a developmental concern based on their ASQ-3 screening results received a result letter from our contractor, Citrus Health Network, who then provided resources, intervention and often referral to Early Steps or Child Find. Parents and/or providers were then given materials (based on the needs of their child) on topics related to healthy development, inclusion, disabilities & delays, developmental red flags, and challenging behaviors.</p> <p>A team of Inclusion/Warm-Line Specialists also offered on-site consultation and technical assistance to support strategies, curriculum implementation, and environmental adaptations to child care programs as they served children with special needs.</p> <p>The Coalition’s Warm-Line offered parents and providers a range of resources and information over the phone, providing services based on the developmental, physical, mental or emotional needs of the child that the caller contacted us in reference to.</p> <p>Monroe County Comprehensive child health screenings, including vision, hearing and oral screenings were provided by our community partner, Florida Keys Area Health and Education Center (Keys AHEC). The screenings took place on-site at School Readiness centers and family child care homes for children ages birth to five. Keys AHEC provided case management services to parents on referrals for follow-up medical and/or specialty care.</p>
--	--

Data Summary

The following information is based on data collected from July 1, 2013- June 30, 2014.

Number of children served in the school readiness program, by provider type, enumerated by age and eligibility priority category, reported as the number of children served during the month, the average participation throughout the month

Total number of children disenrolled during the year and the reasons for disenrollment

Reason for Disenrollment	Number of Children Disenrolled
ARRA funds expired.	1
Child care provider has closed for economic or other business reasons.	3
Child completed the VPK program that he/she was attending or child completed the full 540/300 hours, whichever comes first.	4
Child deceased.	3
Child has a duplicate record.	27
Child has exceeded the age-limit for services.	1,631
Child is no longer residing with the guardian who completed the initial application. New paperwork must be completed by new guardian.	57
Child was determined eligible for services but never enrolled with a child care provider.	29
Child was enrolled in a program that changed provider types. Only used if new provider ID is assigned in EFS.	4
Client does not show up for redetermination.	8,070
Client failed to comply with program requirements.	556
Client failed to provide required documentation to maintain eligibility.	15
Client has a temporary break in service due to maternity or medical leave.	1
Client is eligible for services under a different funder (i.e., non funder 1).	9
Client is no longer eligible for services because the family income exceeds the allowable amount for eligibility.	185
Client moved out of the county in which funding is currently provided.	98
Client no longer has a valid purpose for care.	283
Client's contact information is no longer valid and fails to provide updated information by a specified date.	3
Custodian is involved in seasonal work (such as migrant or school district employees) and the child's enrollment is temporarily suspended while custodian is not working.	8
Custodian is involved in seasonal work (such as migrant or school district employees) and the child's enrollment is temporarily suspended while custodian is not working.	5
Hardship transfer.	1
Higher income job (ARRA).	1
No longer in protective services.	3
Parent/guardian withdrew child from the program.	909
Provider dropped child from the provider's program.	155
Provider no longer receiving SR or VPK funds due to noncompliance or low performance.	1

OEL – 202.80 EARLY LEARNING COALITION ANNUAL REPORT

Provider remains open, but no longer provides VPK or SR services.	6
Referral from referring agency has expired.	66
Referring agency has terminated the referral.	39
Six months of unemployment expired (ARRA).	1
There is a temporary break in client services. There is documentation that the client will resume services within a specified timeframe.	1
Transfer from one SR funding source to another (i.e., BG3 to BG8).	13
Transfer to another provider record (even if the second record is owned by the same provider).	175
Total	12,363

Total number of providers by provider type

2013-2014 Monroe County Provider Trainings

- **DOE-Standards for Four-Year Olds**
This training provides the participant with the purpose, focus, and rationale for the Florida Early Learning and Developmental Standards for Four-Year-Olds. This training covers all domains and benchmarks included for language, communication, emergent literacy and mathematical thinking.
- **DOE-How to Administer the Florida VPK Assessment Train-the-Trainer**
This training provides the trainer with the skills to train participants and prepare them to administer the VPK Assessment.
- **ODT: Creating Literacy Rich Environments**
In this 5 hour training, participants focus on the four core aspects of early literacy: oral language, print awareness, phonological awareness, and alphabet knowledge. Participants will also discover ways to enrich their classroom literacy through hands-on activities.
- **ODT: Overview of the Florida Early Learning and Developmental Standards: Birth to Four**
This four hour module provides practitioners with knowledge of developmental standards. Participants benefit from this training and use the standards as a reference guide for developing and implementing developmentally appropriate activities.
- **ODT: Supporting the Development and Learning of Infants and Toddlers**
This 6 hour training helps participants understand how infants and toddlers grow and learn with the support of their families and teachers. Participants focus on early experiences, family relationships, and theoretical perspectives. They will also learn how to observe and document a child's interests, development, and behavior.
- **ODT: Apoyando El Desarrollo y Aprendizaje de los Infantes y Pavulous**
This six hour training in Spanish helps participants understand how infants and toddlers grow and learn with the support of their families and teachers. Participants focus on early experiences, family relationships, and theoretical perspectives.
- **ODT: Lesson Planning for Infants and Toddlers (Creative Curriculum)**
During this training, participants will be exposed to an overview of developmentally appropriate practices in the classroom. They learn the components of an infant/toddler targeted lesson plan based on the Creative Curriculum.
- **ODT: Planificacion Para Ninos Prescolares Basado en Curriculo Creativo**
During this training in Spanish, participants will be exposed to an overview of developmentally appropriate practices in the classroom. They learn the components of an infant/toddler targeted lesson plan based on the Creative Curriculum.
- **ODT: Math and Science in Preschool Classrooms**
Participants learn how to facilitate developmentally appropriate age activities to promote math and science in the classroom. Participants will also be able to define elements of science inquiry and mathematics in order to identify simple tools for observing and investigating their environment.
- **ODT: Family Engagement**
This training focuses on establishing positive relationships between the center staff and parents/guardians. The goal is that children will develop trust and emotional security from the reciprocal relationship established between the center staff and the family.
